RE: M&RP DEFICIENCIES

Attached is Utah Fuel's response to the Division's deficiency letter for the renewal of our M&RP. This response incorporates the results of the Division's administrative review, dated August 6, 1992.

We have enclosed three copies of all revised pages and maps. When pages and/or maps are approved, we will submit the full set of 14 copies for distribution.

We appreciate the assistance from you and your technical staff in the preparation of these changes.

If you require further information, please contact Keith Zobell.

Sincerely,
